A. The deadline for submission of applications for SSP and RSP without infrastructure budget line modifies from the 30th of November 2025 to the 29th of January 2026. The deadline for submission of applications for RSP with infrastructure budget line modifies from the 15th of February 2026 to the 26th of February 2026. The need for prolongation is supported by the requests of the Romanian National Authority on behalf of the Romanian Delegation in the Monitoring Committee of the Programme and Romanian stakeholders referring to difficulties (e.g. current travel restrictions) related to the process of identifying and establishing new partnerships. The new deadlines were defined also by taking into account the limited activity of all organizations and institutions during the year end period in all four participating countries, when the clarification phase of the formal and eligibility assessment of small (SSP) and regular (RSP) projects without infrastructure would take place. As such the following chapters of the Guidelines for Applicants has been modified:
